

# Employee Benefits

## No matter the size of your organization, you deserve high value and performance from your employee benefits plan.

Our success is rooted in economies of scale offered through aggregate and regular market evaluations. Protecting a group of more than 12,000 employees allows us to negotiate competitive rates on your behalf.

In addition to this, we are committed to providing expert customer service, innovative products and an unparalleled range of value-added benefits.

## Let us work with you to build the employee benefits plan that fits your needs.

Our employee benefits program serves almost 350 organizations and we understand the unique needs of municipalities and not-for-profit organizations.

We offer a customizable, innovative approach to providing the support your employees need, when they need it.

Whether you're looking for basic solutions or a more comprehensive plan—we're ready to partner with you to meet the complexities of your employee benefit needs.

*"The City has been very pleased to have been part of the AUMA Benefit Program for over 40 years. The all-inclusive, competitive program has assisted and comforted employees and their families for years. The comprehensive program has been an excellent addition to the City's hiring and retention practices helping us to continually strive to be an employer of choice."*
