

# Start safely disposing of hazardous waste in Alberta!

ChemSafe is commissioned by the Government of Alberta.

**Complete instant information of reporting a spill:** When, how, who, penalties, and what happens after are all explained.

**Full contact information and hours of operation for Alberta Environment and Parks.**

**Extensive searchable database of common materials** (common and chemical names). The associated hazards, precautionary safety information, and safe disposal locations are also listed.

**Explains hazardous waste** - what it is and dangers of improper disposal.

Download the **FREE** Alberta ChemSafe App.
